

Editor's Message

CCR's special section this month is dedicated to short abstracts of student posters that will be presented at the SIGCOMM conference in August. Each of the abstracts gives a quick overview of the poster, and a URL to the poster itself. The poster session committee and I hope you'll be able to see these posters and meet the authors in person in Pittsburgh! For those of you that can't make it, or would like a quick refresher, we're pleased to make the abstracts available here.

I'd also like to take a moment to remind you of the CCR website at <http://www.acm.org/sigcomm/ccr>. The website provides back issues of CCR in electronic form, and information for potential contributors - a general overview of CCR's mission, author and reviewer guidelines, and calls for papers for upcoming special sections. I hope you find it useful, and please don't hesitate to contact me with your comments and suggestions!
